

The **SIU School of Law** has always been one of the most affordable, high- quality sources of legal education in the country and plans to remain affordable. However, providing access to an excellent legal education for a diverse student population is an ongoing challenge. The costs of education are increasing, state support is decreasing, and student debt-load is on the rise.

We all recognize that in addition to the costs of tuition, fees and housing, there are other hidden costs of attending law school. One of those costs is having appropriate business attire with which to prepare for and participate in the legal profession.

You can help by donating your gently used professional clothing items.

WHAT: Gently used professional attire: **Men's and Women's suits, shirts, blouses, ties, shoes and briefcases**
